

# Taking Measurements

## *Chest Circumference:*

The chest measurement is taken around the chest, crossing the bust points, and **PARALLEL** to the floor.

## *Underbust Measurement:*

The measurement taken around the rib cage directly under the breasts and **PARALLEL** to the floor.

## *Dart Point Vertical:*

The measurement taken from the shoulder at the neck point to the apex of the breast.

## *Natural Waist:*

The Waist Circumference measurement taken around the natural waist (the place that your torso bends when you lean to the side) and **PARALLEL** to the floor.

## *Low Waist Circumference:*

The measurement taken around the body between the waist and hip and **PARALLEL** to the floor.

## *Center Back Length:*

Measure Center Back Length from the protruding bone at the back of the neck to the waistline. The Center Back Length should be approximately 1.5 longer than the Center Front Length.

# Taking Measurements

## *Back Shoulder Width:*

The Back Shoulder Width measurement taken from shoulder point to shoulder point across the back of the body.

## *Neck Circumference:*

The Neck Circumference measurement taken around the neck. This measurement is taken high around the middle of the neck.

## *Hip Circumference:*

The Hip Circumference measurement taken around the hip at its fullest point and PARALLEL to the floor. If the circumference around the thighs is larger than around the hip, use the larger measurement.

## *Crotch Length:*

The Crotch Length is measured from the center front at waist through the legs to the center back at waist.

## *Bicep Circumference:*

The Bicep Circumference measurement is taken around the fullest part of the upper arm with the arm bent slightly.

## *Under Arm to Elbow Length:*

The measurement taken from the underarm to the elbow.

# Taking Measurements

*Underarm to Wrist Length:*  
The measurement taken from the underarm to the wrist with the elbow bent.

*Center Back/Knee Length:*  
The measurement taken from center back at neck to the knee along the back of body.

*Center Back/Floor Length:*  
The measurement taken from center back at neck to the floor along the back of body.

*Pant Inseam Length:*  
The measurement taken from the crotch to the ankle along the inside of the leg.

*Knee Depth:*  
The measurement taken from the natural waist to the knee.

*Height:*  
The Height is measured from the top of the head to the bottom of the feet without shoes.
